FREE FITNESS CLASSES!

Are your kids less active or just need an excuse to MOVE?

At Cornerstone Therapies, we understand the importance of keeping kids healthy and active especially during these times. We are offering FREE Zoom classes for your child and their friends 2-5 years old. This is a virtual group exercise class that will include a combination of balance, coordination, and strengthening taught by our physical therapy staff.

Classes will be held weekly on Thursdays at 11:00am through the end of June 2020!

Friends and Family are welcome to join! If interested, please email: Jennifer.Macaulay@cornerstonetherapies.net or call us at (714)962-6760 for more information
